price list 2012

### Precision and the Environment

As a leading UK manufacturer of commercial refrigeration products, Precision Refrigeration is doing its utmost to protect the environment and improve the energy efficiency of its products. Whether it be reducing the heat loss of our factory building through better insulation, using recycled packaging for all our spare parts, or getting our products on the Government's Carbon Trust Energy List - the environment is always at the forefront of our thought process.

Precision cabinets are on the Government's Carbon Trust Energy Technology List. They have been independently tested and meet their stringent standards on energy efficiency. Please see [www.eca.gov.uk/etl](http://www.eca.gov.uk/etl) for more details.

Authorised User No. 01541

Precision products are now just shy of being 100% recyclable and are fully WEEE compliant

Precision has one of the lowest carbon footprints in the industry. You can also reduce your carbon footprint by buying UK manufactured Precision Refrigeration equipment over imported goods.

Hydrocarbon - a naturally occurring refrigeration gas with minimal Global Warming Potential - is available as an option on just about all Precision products.

### Pedigree without the premium

When you talk to Precision - you're talking to people who understand your needs. No frills, no patter. Just good-quality, reliable products that you and your customers can rely on - at the best possible price. But don't just take our word for it... go ahead put us to the test.

## Summary

For full terms and conditions, please refer to our web site: [www.precision-refrigeration.co.uk](http://www.precision-refrigeration.co.uk)

Delivery Details

### Standard Delivery

Standard 3 – 5 day delivery is provided free of charge, ground floor site, mainland UK; subject to product and transport availability and the following conditions:

- Free of charge delivery to site is kerbside only, with clear access to site and does not include installation, or positioning on site.
- Ground floor site means no lifts, stairs, steps or obstacles.
- Free delivery excludes those locations north of Edinburgh and Glasgow; west of Glasgow, Chester and Torquay. On these occasions, delivery will be subject to quotation.

### Delivery Options

- Specific timed delivery to site (within standard 3-5 day timeframe) - £ 80 Net per delivery.
- Installation, unpacking and setting to work - £ 120 Net per product.
- Next or specific day delivery - £ POA - Please contact us and we will try our best to meet your requirements.
- Kerbside collection of old unit (whilst delivering new product), for safe disposal on a like for like basis - £ 50 Net.
- Postponement or cancellation of delivery (of standard products) may result in a re-stocking charge equal to 20% of the total invoice value, or at least the cost of transport.

### Retention of Title and Payment

Payment terms are strictly net 30 days following end of month, subject to credit account facilities. If payment is not made within the agreed terms, we reserve the right to charge interest on balance outstanding, at a rate of 2.5% per month. The company will retain title in all goods supplied by it, to the buyer, until the buyer has paid to the company, the full price and all other sums whatsoever due from the buyer, to the company.

### Cancellation Charges

We reserve the right to charge a reasonable amount, in instances where an order is cancelled. This will normally be limited to 20% of the total invoice value of the goods. No goods will be accepted at Precision Refrigeration offices or factories, without prior agreement and authorisation.

Cancellation of non standard products will be at full product cost.

### Warranty Call Procedure

Contact the factory on 01842 753 994 with the following information:

- Provide equipment model and serial number
- Location of machine and site contact details
- Description of the fault

### Warranty

Precision Refrigeration Limited 24 month parts and labour warranty applies to all new integral products (excludes remote, or otherwise specified units) and accessories supplied by Precision Refrigeration Limited, to the original purchaser only.

Standard Warranty Conditions

- Monday to Friday, 8.30am to 5.00pm.
- Excludes weekend call out.
- Out of hours coverage, subject to quotation and order.
- Precision will aim to attend site, during the next working day.
- Precision and its authorised agents require free and full right of access to the equipment for inspection at a convenient time.
- Excludes; lights and gaskets, customer abuse, accidental damage and miss-use.
- Equipment must be maintained and serviced annually in accordance with Precision's Operating Manuals.
- Food loss is not covered by Precision's warranty. Contents risk and insurance remains the responsibility of the customer at all times.

Extended parts and labour warranties are available at time of purchase at additional cost. Contact us for further information.
